Health Unit Comes to Cameron Soon

PHYSICIAN, ENGINEER, OTHERS TO LIVE HERE

Prospects were bright today for a Health Unit for Milam County, insuring a widely beneficial program, the location here of a Doctor, Sanitary Engineer and a Clerk.

The City Council has voted cooperation with the Commissioners Court to establish the unit.

The county government has made a significant advance to aid public health by voting to join the city in the movement, thus insuring the location at Cameron of the Health Unit.

The Health Unit is a part of the expanding program for better public health in Texas. It is sponsored jointly by the State and Federal governments.

A duly licensed physician as director of the unit, will take up residence in Cameron as will the engineer and clerk. The physician will not engage in private practice.

Where health units have been set up the result has been greatly to encourage people generally to consult their doctors for corrective treatments and for other necessary medical aid.

Dan Tyson, city secretary and treasurer, following the meeting, said that the council had taken favorable action and the State representative indicated plans are already under way to install the unit in Cameron.

Officers from Hearne were reported have arrested a man whose name is said to be Hodge and a resident of Hearne.

Ditto is employed at the night club, owned Mr. and Mrs. Rains. No details could be learned on how the trouble started.

Ditto is in a critical condition. Although resting fairly well, is given little chance to recover.

J. E. Johnson Able To Be In Town

J. E. Johnson, architect, confined to his home for two weeks, was able to be at his place of business for a few hours Friday.

Mr. Johnson wrenched his back while doing some work on the home and has suffered greatly during the past few days.

His many friends will be glad to know he is up and hope he may soon spend his full quota of time at his office.

ROOSEVELT WINS IN PRESIDENTIAL POLL

President Roosevelt emerged today an impressive winner by approximately 2 to 1 over vice president John Nance Garner in the Herald's presidential primary poll.

The president received 95 votes while Garner received 51.

This poll was taken to indicate the sentiment of the people of this county and while the number of votes is not large it is believed the results are substantially indicative of the sentiment of the people. This poll was taken to give the coming precint presidential primaries information on which to base their action when sending delegates to the County convention.

The poll was closed at noon Saturday when all ballots were taken up and tabulated.

An interesting development since the last report was 5 votes cast for Ray O'Neill who takes fifth place in the column, nosing out such men as James A. Farley, Jesse H. Jones and Senator Robert Taft of Ohio.

The following is the complete and final report of the voting:

Roosevelt	95
Garner	51
Hull	14
Dewey	12
Ray O'Neill	5
Farley	2
Jesse H. Jones	1
Taft	3
Total	183

Mr. and Mrs. O. A. Boeker and son Wesley of Ben Arnold, were shopping in Cameron Wednesday and also attended the movie picture show.

LON SMITH TO QUIT RAIL COMMISSION

Chairman Lon A. Smith of the Texas Railroad Commission in a communication to the Herald today said he would not offer for re-election this summer.

Mr. Smith said at the close of his term he will retire to private life and consideration of his personal affairs. The retirement of Mr. Smith brings to a close a political career, unique in the history of Texas. He began his career as a school teacher at 17 years in Rusk County.

Mr. Smith was a member of the House of Representatives and the State Senate and was twice elected comptroller and since 1925 has been a member of the Railroad Commission of Texas.

The retirement of Mr. Smith was preceded some days ago by an announcement of Ernest O. Thompson that he is a candidate for Congress from the Amarilo district. Both are veteran members of the Commission.

VICTOR WIMBERLY FOR COUNTY TREASURER

Victor Wimberly, widely known Milam County citizen, announced for publication today that he is a candidate for county treasurer, subject to the Primary election to be held on Saturday, July 27, 1940.

Mr. Wimberly is deeply impressed by the support that has been pledged to his campaign in all sections of Milam County. In making his formal announcement, he expressed deep gratitude over the prospects that have resulted from voters signifying their intention of supporting him and his many friends say that the response which has come to him from the people indicate that his candidacy has created a most favorable impression everywhere.

Mr. Wimberly has been a resident of the Milano community for many years, and by reason of his experience is well qualified to discharge the duties of this office and is based on the record he has made as a citizen and his qualifications he becomes a candidate for this important office in the government of the county.

As a citizen and long time resident of Milam County, Mr. Wimberly feels that he is no stranger to the people and would be able to enter upon his duties as county treasurer with immediate and complete understanding of the ideals people have always demanded of their public servants. Friends who know him and the people among whom he has lived who know him best as a good neighbor point out that Mr. Wimberly has an abiding sense of appreciation for loyalty and duty and would give the office the advantage of good official conduct.

Mr. Wimberly feels that he needs this office and in asking the people to elect him would consider it a great favor and would not expect to hold the office beyond the limit of fairness to the principle that if a public office is a burden its duty should be shared and if a benefit the privilege should be passed around.

Mr. Wimberly has been a taxpayer many years. He fully appreciates the burden that is now on the people and if elected to the office, he feels that it would not be necessary to incur additional expenses for its operations, but would devote his entire time to the duties and do the work himself. He has never before asked for a county office and would not now do so but for the fact that he feels that he can be of service to the people, as well as needing and deserving this employment at the hands of the taxpayers.

In making his campaign Mr. Wimberly will make an effort to see each voter to ask for their support but in the event time does not permit, he extends to each one herewith his appeal for support, assuring all that the confidence of his election would indicate, will be repaid in service to the people he now seeks to serve.

Mr. Wimberly has done his part as a citizen, stands for high ideals, and has been a part of the progress of Milam County during its period of greatest expansion, and is grateful to his many friends for the commedable estimate which they place on his fitness for this office.

Your vote and support will be greatly appreciated.

FERGUSONS TO OPEN CAMPAIGN SATURDAY

Waco, April 24—The Fergusons—Farmer Jim and Mrs. Miriam A.—will return to Waco, starting point of past campaign triumphs, to launch her gubernatorial race this Saturday, Aril 27, on the McLennan court house lawn.

Mrs. Ferguson, who as governor twice successfully guided the state through unsettled times, will be the first aspirant to take her candidacy directly to the people in a rally expected to draw a great crowd from central Texas and other points.

The Fergusons will make a colorful, ringing presentation of their platform whose principal planks urge a third term for Roosevelt, fulfillment of the social security obligations to the constitutional limit, and a 25 per cent reduction in cost of operating the government.

Both of them will speak to the people and over a state-wide radio hookup. The rally will begin at 7:30 that night.

Farmer Jim announced through Ferguson headquarters here that decision to open the race in Waco was made because of the thousands of post cards and letters Mrs. Ferguson received pleading with her to stand for a third term for governor along with her advocacy of a third term for Roosevelt.

Already the old battle cry of "Me for Ma" has been stimulated as Ferguson supporters all over the state plan preliminary meetings to map active campaign work. These communications by the hundreds daily are still pouring in. They stream in from both the cities and the country. "There's never been anything like it," Governor Ferguson said.

In her victorious 1932 gubernatorial bid, the Fergusons opened their speaking campaign in Waco.

June 15 Last Day To File for Ballot

June 15th, is the last day on which candidates for county and precinct offices may legally file for the ballot.

Within the next few weeks the Daily Herald will bring to its readers and to candidates for public office all information necessary for them to comply with the law.

June 15th is also the last day on which candidates for district offices may file where district is composed of one county. June 3 is the last day for candidates to file for district office where district is composed of more than one county.

To file for place on the ballot candidates may get affidavit and mail to the county chairman or may go in person to the office of the chairman and fill out a blank which has been printed and now available to all who wish to file.

It is the purpose of the Daily Herald to bring the information to candidates emphasizing each day in relation to its importance, and this story has to do only with filing names for a place on the ballot.

Tomorrow another story will be printed giving additional information.

Band Parents Get Privilege to Use Gymnasium Floor

The band parents association in a direct appeal to the school board Wednesday night was granted permission to use the ground floor of the high school gymnasium for an entertainment to be given on Tuesday night of next week.

A similar request made two weeks ago for the use of the ground floor of the gymnasium for a community party was turned down. Believing that the property should not be so restricted, the women whose efforts through the years have contributed more than any other division of the citzens to give Cameron the best high school band in Texas, felt that the request should be renewed and accordingly were given hearing at a call meeting of the board on Wednesday night.

Although no statement has been made by the board, it was understood the policy will be more liberal in the future and the gymnasium will be available to other groups in the school when the second story room, heretofore used, is inadequate to accomodate the crowd.

The action of the board removed restrictions imposed out of consideration for athletics which have virtually monopolized the ground floor of the gymnasium.

Many citizens feel that the board's action is a wise one, that the use of public property should not be confined to any group, but that all should share in the benefits of money expended for public improvements.

Mrs. Walter Marek of Burlington visited in Cameron Thursday.

The British in Norway were faring no better than did King Haakon who was chased around his kingdom for several days when the troops of Adolph Hitler first opened up the Scandinavian campaign.

While the Nazis failed to catch up with King Haakon they had him in the snow with his tongue out. Some of the British contingents have been overtaken in central Norway and the Nazis appear to be winning the campaign in that north country.

The British gave no indication of any successes they may have achieved and the only report from Norway today was from Berlin which said that two German columns had reached Rainbow, struck heavily at the British and Norwegians who were forced to take up positions six miles behind the foremost point of advance.

The Germans undoubtedly will be in control of Norway in a few days if their present rapid advance continuse.

From the German capital today came the report that British battleships, cruisers and destroyers are bombarding Narvik. The report indicated the Germans have withdrawn to new position in or near the city. No troops have been landed at Narvik.

Unconfirmed reports said that the allies continue to land troops in Norway but little or no fighting has occurred with the Germans.

There was nothing to indicate that Germany was preparing to invade Sweden but the departure of large contingents of troops from Baltic ports indicated a major offensive somewhere in Scandinavia.

The published report that Mussolini had made a high cost demand for his service to keep peace in the Mediterranean as consideration for his neutrality got considerable reaction from the British, according to a broadcast. It was said that any suggestion that British abandon the Suez Canal, and the Straits of Gibralter would immediately result in the overthrow of the British government.

This was taken to indicate that Britain, under no consideration will talk terms with Italy as Mussolini demands, indicating surrender of British power on the life line.

This would seem to put an end to any speculation regarding trade by the Italian and Anglo-French alliance. The British however were haggling with Moscow over the trade treaty and there was some feeling that Russia is unwilling to give up her trade with Germany.

On the whole the war was very tame today with the exception of bombings. The Germans claimed to have bombed allied concentration points in Norway and the British announced they had successfully bomed the island of Cylt, the German air base.

Japanese anger flared up today at the United States and a new series of diplomatic manuevers were to ensue before the situation is composed. Japan thinks the United States should have no navy and should surrender all of its interests in the Far East. The American government, considered by many to be the weakest in the history of the nation on standing up to foreign bullies seemed determined to punish Admiral Taussig who said a war was inevitable with Japan. Senator Champ Clark of Missouri wants to hang Admiral Taussig and have a law passed to prohibit anybody from talking against Japan.

CHRISTIAN SCIENCE SERVICES

"Probation after Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 28.

The Golden Text is: "The Lord will perfect that which concerneth me. thy mercy, O Lord, endureth for ever. forsake not the works of thine own hands" (Psalms 138:8.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Him that overcometh will I make a pillar in the temple of my God" (Revelation 3:12.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sinless joy,—the perfect harmony and immortality of Life, possessing unlimited divine beauty and goodness without a single bodily pleasure or pain,—constitutes the only veritable, indestructible man, whose being is spiritual . . . Death can never hasten this state of existence, for death must be overcome, not submitted to, before immortality appears" (page 76.)

ALLIES DEFEATING NAZIS IN NORWAY

British and French troops co-operating with Norweigian forces reported today that Hamar and Elverum have been captured and the Germans driven back.

There was no confirmation of this report from either the German or British capitals.

As usual there was lack of information concerning developments. England and Germany both claimed victories in the air, on land and sea.

The Nazis claimed to have sunk 61 war ships during the past 12 days and to have shot down 29 air planes.

There was no indication that British had succeeded in cutting off the sea lanes of the German transport service.

A large flotilla of ships were reported steaming into the Kattergat from the Baltic sea, presumably German. Troops are still being landed at Oslo, according to the Germans, but many Nazis soldiers are being placed in Norway by plane.

All that could be learned about land fighting was the reported successes of the Allies at Hamar and Eleverum. It was semi-officially indicated that the Allies are preparing for a gigantic attack, possibly to end the Norwegian campaign within a few days.

Germany today sent a warning to Balkan Countries to stay put and not lean toward England and France.

Italy was expected to go into the Blankans to "protect" the small countries against the Western powers. "The hour of Italian destiny is at hand," says the official press, meaning that if past performance can be taken as a guide, Mussolini, the murderer of Ethiopia is preparing to spring upon some defenseless people, somewhere and some time. This is called statesmanship and destiny.

In Washington today an outright alliance with England, France and Holland, was advocated by a naval authority before a house committee. He said that war with Japan is inevitable and America must get in before it is too late.

Sweden has sent a warning to Germany presumably over use of her territory to race bombers to the battle area.

WAR LULLS AS HITLER CELEBRATES

French troops, believed to be seasoned Alpine soldiers, have landed in Norway and jointly with the British and Norwegians have begun an attack to drive the Germans out of Trondheim, it was today announced by the French government.

Except for this announcement there was little to indicate a war was in progress and broadcasting companies were merely editorializing on the world situation.

A Swedish dispatch said the allies have landed approximately 50,000 soldiers in Normay and the Germans are believed to have approximately 80,000 men.

Benito Mussolini in Rome swung a pick to inaugurate a vast government building project and this was taken to indicate that Il Duce had decided for the moment not to shoulder a rifle and plunge Italy into the war.

In Berlin, Adolf Hitler was celebrating his 51st birthday, receiving foreign diplomats, among them the American representative. Adolf was pronounced physically fit and ready to take on the world.

A state of seige was proclaimed in Holland and the Belgian army had made preparations to resist the German invasion if and when it comes.

In London the British government made a surprise announcement that an important trade treaty was being negotiated with Moscow. Since the war England has made no agreements unless they carry a blockade against Germany. The negotiations with the Soviet are believed to indicate that Stalin may not now plan to give the Germas raw materials they so badly need. Under the terms of the agreement no British goods can be re-exported to Germany.

In the Balkan Countries the governments continued to round-up all aliens and everywhere there was wide spread uneasiness but Germany and Rumania had reached an understanding over an important trade matter.

Mrs. Pearl Clements left Cameron Friday morning for Denver, Colorado where she will spend a month's visit with her son, George, who will leave shortly after for the Philippine Islands where he has accepted a United States army position.

San Jacinto Day Is Not Observed Here

San Jacinto Day in Cameron was sparsely celebrated as usual.

Not within recent years, if ever, has the city been closed down for San Jacinto Day.

The Chamber of Commerce cards, posted in business houses lists the day as a holiday on which the members of the body will celebrate. It has never been observed.

Banks are closed and the schools suspended for the day.

Notice should not be printed or posted unless there is agreement to close.

The Chamber of Commerce overestimated the interest in a state holiday. San Jacinto day should be removed from the list of closing dates, if interest is insufficient.

Rape and Burglary Charges Filed Against Rockdale Negro

Rape and burglary charges were filed in the court of Justice Leo Harris in Rockdale Monday by Sheriff R. M. Kennedy, against Andrew Walton, negro, arrested early Sunday morning in Rockdale.

Walton is said to have entered the home of another negro, held a knife against the woman's side and threatened to kill her. The woman's husband, employed at a cafe, was notified by his wife of the attack.

Sheriff Kennedy was called and within a short time had located and arrested the negro.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramplike pain of *functional dysmenorrhea* due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI'S principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.

MOSCOW WARNS HOLLAND OF INVASION

President Roosevelt today said that if Germany invades another neutral country he will immediately return to Washington.

This statement was taken to indicate that the government of the United States takes a grave view of the European war.

There was belief in well informed circles that the United States will enter the war at first to protect interests in the far East, and there was considerable belief in Europe that Germany has a secret understanding with Japan calling for seizure of the Dutch Indies when the Netherlands are invaded.

It is known that the United States navy has been concentrating its units in the Philippine Islands. Japan although having done nothing thus far to indicate a military alliance with Germany, is believed to be controlled by Hitler and unless the country backs out on Berlin will enter the war soon to fulfill that alliance.

Italy also bound by military alliance with Germany is believed to be ready to spring to the aid of Hitler.

A startling development of the day was repeated broadcasts from Moscow warning Holland and Belgium of an impending invasion. This was interpreted to mean that Russia may not be actively supporting Germany but there was an entire lack of confirmation.

The governments are in possession of facts which the people do not have and all that was apparent today is founded on well placed indication.

Although the British are reported to be fighting the Germans in Norway, nothing has occurred to indicate success of the allied campaign. The Italian press says England has lost the war and the Scandinavian campaign is a failure.

The British have discontinued all broadcasts. Swedish news sources said that the allies are landing troops at 4 ports in Norway and fighting under British and French officers is under way.

Many of the three thousand employees of Lone Star Gas System operate cars and trucks as part of their daily work. As most of these operators are heads of families with children of school age, they are doubly interested in safety on our streets and highways.

Their acceptance of their responsibility for traffic safety is indicated by the company's record for 1939—a total of 12,269,068 miles of driving *without a single fatal accident*. Moreover, during 1939 company's automobiles traveled a distance equal to fifty times around the world and were involved in only nineteen accidents resulting in personal injury.

Drivers of Lone Star Gas System automotive equipment take part in a continuous program of training in safety consciousness and accident prevention to make their home town a safer place in which to live

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a *gentle persuader* for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

MIRIAM A. FERGUSON RUNS FOR GOVERNOR

Mrs. Miriam A. Ferguson, candidate for Governor, today announced her platform of seven planks outlining the things she will advocate to benefit Texas.

She advocates a third term for President Roosevelt. The old age pension plan she advocates would pay every person in Texas over 65 years of age $15 per month out of Texas money. It was the belief of Texans that this would be done when they voted for the Amendment.

Old people who have been denied pension under the Allred and O'Daniel administrations will be taken care of. Those who have been cut off and reduced to need because of the failure of the administration, will be put back on the roll and paid. There seemed little doubt but this can and will be done if Mrs. Ferguson is elected. Their ability to get along with the legislature has never failed them at any time. Here is the announcement:

To the People of Texas:

After due deliberation and in response to the request of many thousands of voters, residing in all parts of the state, who say that my services are wanted and needed, I have decided to run for Governor.

My record for four years is well known, and refer to it as evidence of my qualification to fill that important position. If the people want my services, they have a right under the law to elect me, and in such event it becomes my duty to again give my services to the State.

While no good purpose can be served by indulging in criticism of what has or has not been done, yet I believe all the people will agree that the present condition of the state is such as to demand our best thought and action in restoring our people to sanity and our condition to prosperity. Just now the people are not so much concerned about the personal ambition of somebody to hold office as they are about who can best serve the state in filling the office. I announce the following plaform:

1. I favor the election of Franklin D. Roosevelt as President for a third term and myself for a third term. While I was Governor, President Roosevelt rendered my administration many favors, and as it appears now that he will be the next President, I know that he will render the same service again to the people of Texas. I shall never forget the millions that he granted to me to enable me to relieve the want and need of thousands of our Texas people. Without his services, it is doubtful if the needs of our laboring and farming masses can expect to get the relief heretofore furnished by the Roosevelt administration. One of the main purposes of my running for Governor is to help carry out the things Mr. Roosevelt stands for, and with his help I can obtain the co operation necessary for the success of my administration.

2. I shall use my best effort to carry out the government's objective in carrying out the social security program for the helpless blind, dependent children, teacher's retirement fund and old age pensions. To pay these obligations I suggest a gross receipts tax of one-half of one per cent, less reasonable exemptions within the constitutional provisions that taxation shall be equal and uniform. This is a small tax on the man who sells and not on the man who buys, and it will yield fifty million dollars. I would pay everybody eligible under the constitution without other restrictions. However, these are matters for the Legislature to settle and they will in the future as well as in the past receive my full co-operation.

3. I would reduce taxation appropriations for current operation of the government twenty-five million dollars, or approximately twenty-five per cent. If the people elect me on this promise, I would consider that I could use veto power if necessary to accomplish this reduction. High taxes now causing high cost of government must be reduced or trouble will happen.

4. In addition to the assistance given the aged persons who have reached the age of 65, I would endeavor to remove the discrimination now levied against perosons who have reached the age of 45 while they are yet burdened with the expense of raising their families.

5. As in the past, I will in the future favor the reasonable demands of organized labor.

6. I favor co-operation of state and national aid to tenant farmers on liberal advances at low rates of interest to enable them to purchase homes.

7. I favor liberal appropriation for the support of our educational institutions, our common schools and institutions of higher learning. If we get our money's worth, let us buy all the education we can pay for.

If the people think I can serve them better than ay other candidate, I will use my efforts to accomplish these things for the weal and welfare of the people.

MIRIAM A. FERGUSON.

COOKE IS RE-NAMED

John E. Cooke, postmaster at Rockdale, has been re-appointed by President Roosevelt. The Senate has confirmed the appointment, according to advice from Senator Tom Connally.
